

DGZ Focus Workshop

Workgroup **Cell Adhesion and Extracellular Matrix**

April 30 12:00-13:45 CEST Zoom-ID: 961 7810 6979 Passcode: DGZ_FW

12:00 Sara Wickström and Carsten Grashoff

Introduction

12:10 Srishti Rangarajan PhD Student, University of Münster

The 'tail' of Talin: Mechanical adaptation during multicellular evolution

12:30 Ingo Thievessen Research Group Leader, FAU Erlangen

Monitoring and reduction of cell damage caused by shear stress during bioprinting

12:50 Amaia Cipitria Research Group Leader, MPI of Colloids and Interfaces

Biomaterials in cancer dormancy and early metastasis

13:10 Julian Nüchel Research Group Leader, University Cologne

Bulky enough for (a) TANGO? – Novel insights into ECM secretion
