

11th DGZ Focus Workshop

Workgroup **Cell Adhesion and Extracellular Matrix**

February 28 12:00-14:00 CEST Zoom-ID: 961 7810 6979 Passcode: DGZ_FW

12:00 Sara Wickström and Carsten Grashoff

Introduction

12:05 Raphael Reuten PI, University of Freiburg

Impact of the extracellular matrix on chemokine gradient formation

12:35 Luis Henrique Corrêa PhD student, Sorokin lab, University of Münster

How Adipocyte Basement Membranes affect metabolism and homeostasis

13:00 Federica Pennarola PhD student, Cavalcanti-Adam lab, MPI for Medical Research

Nanoscale characterization of receptor-particle interactions

13:25 Johanna Ivaska PI, University of Turku

Filopodia in making and breaking barriers
